SERVICES PROVIDED:	PRIMARY SURVEY CONSULTANT

Stadia Engineering Associates, Inc. personnel all have a “common history” concerning the development of the Mohegan Sun Casino by the Mohegan Tribal Gaming Authority. The core staff consists of former employees of the primary site/civil design firm that have been providing services to the casino for the last fifteen years. Over the years, the land survey services throughout the facilities have provided both a depth of knowledge and continuity of professionalism matched by very few. A sampling of representative Mohegan Sun Projects that Stadia Engineering Associates personnel were intimately involved with include:
